Phew

THAT
WAS
FUN!

I'm
dead
tired
...

Food
!!

Shall we
start
cooking?

ほい

I could
just fall
asleep
like this
...

リムコロ

I've been waiting to hear that.

You need a lot of preparation for a BBQ ...

Since we're out here anyway, we should try that 'barbecue' thing!

Yep!

TO-TALLY PRE-PARED !!

POR-TABLE BBQ STOVE ~!!

YOU GOT A STOVE BUT NO FOOD !?

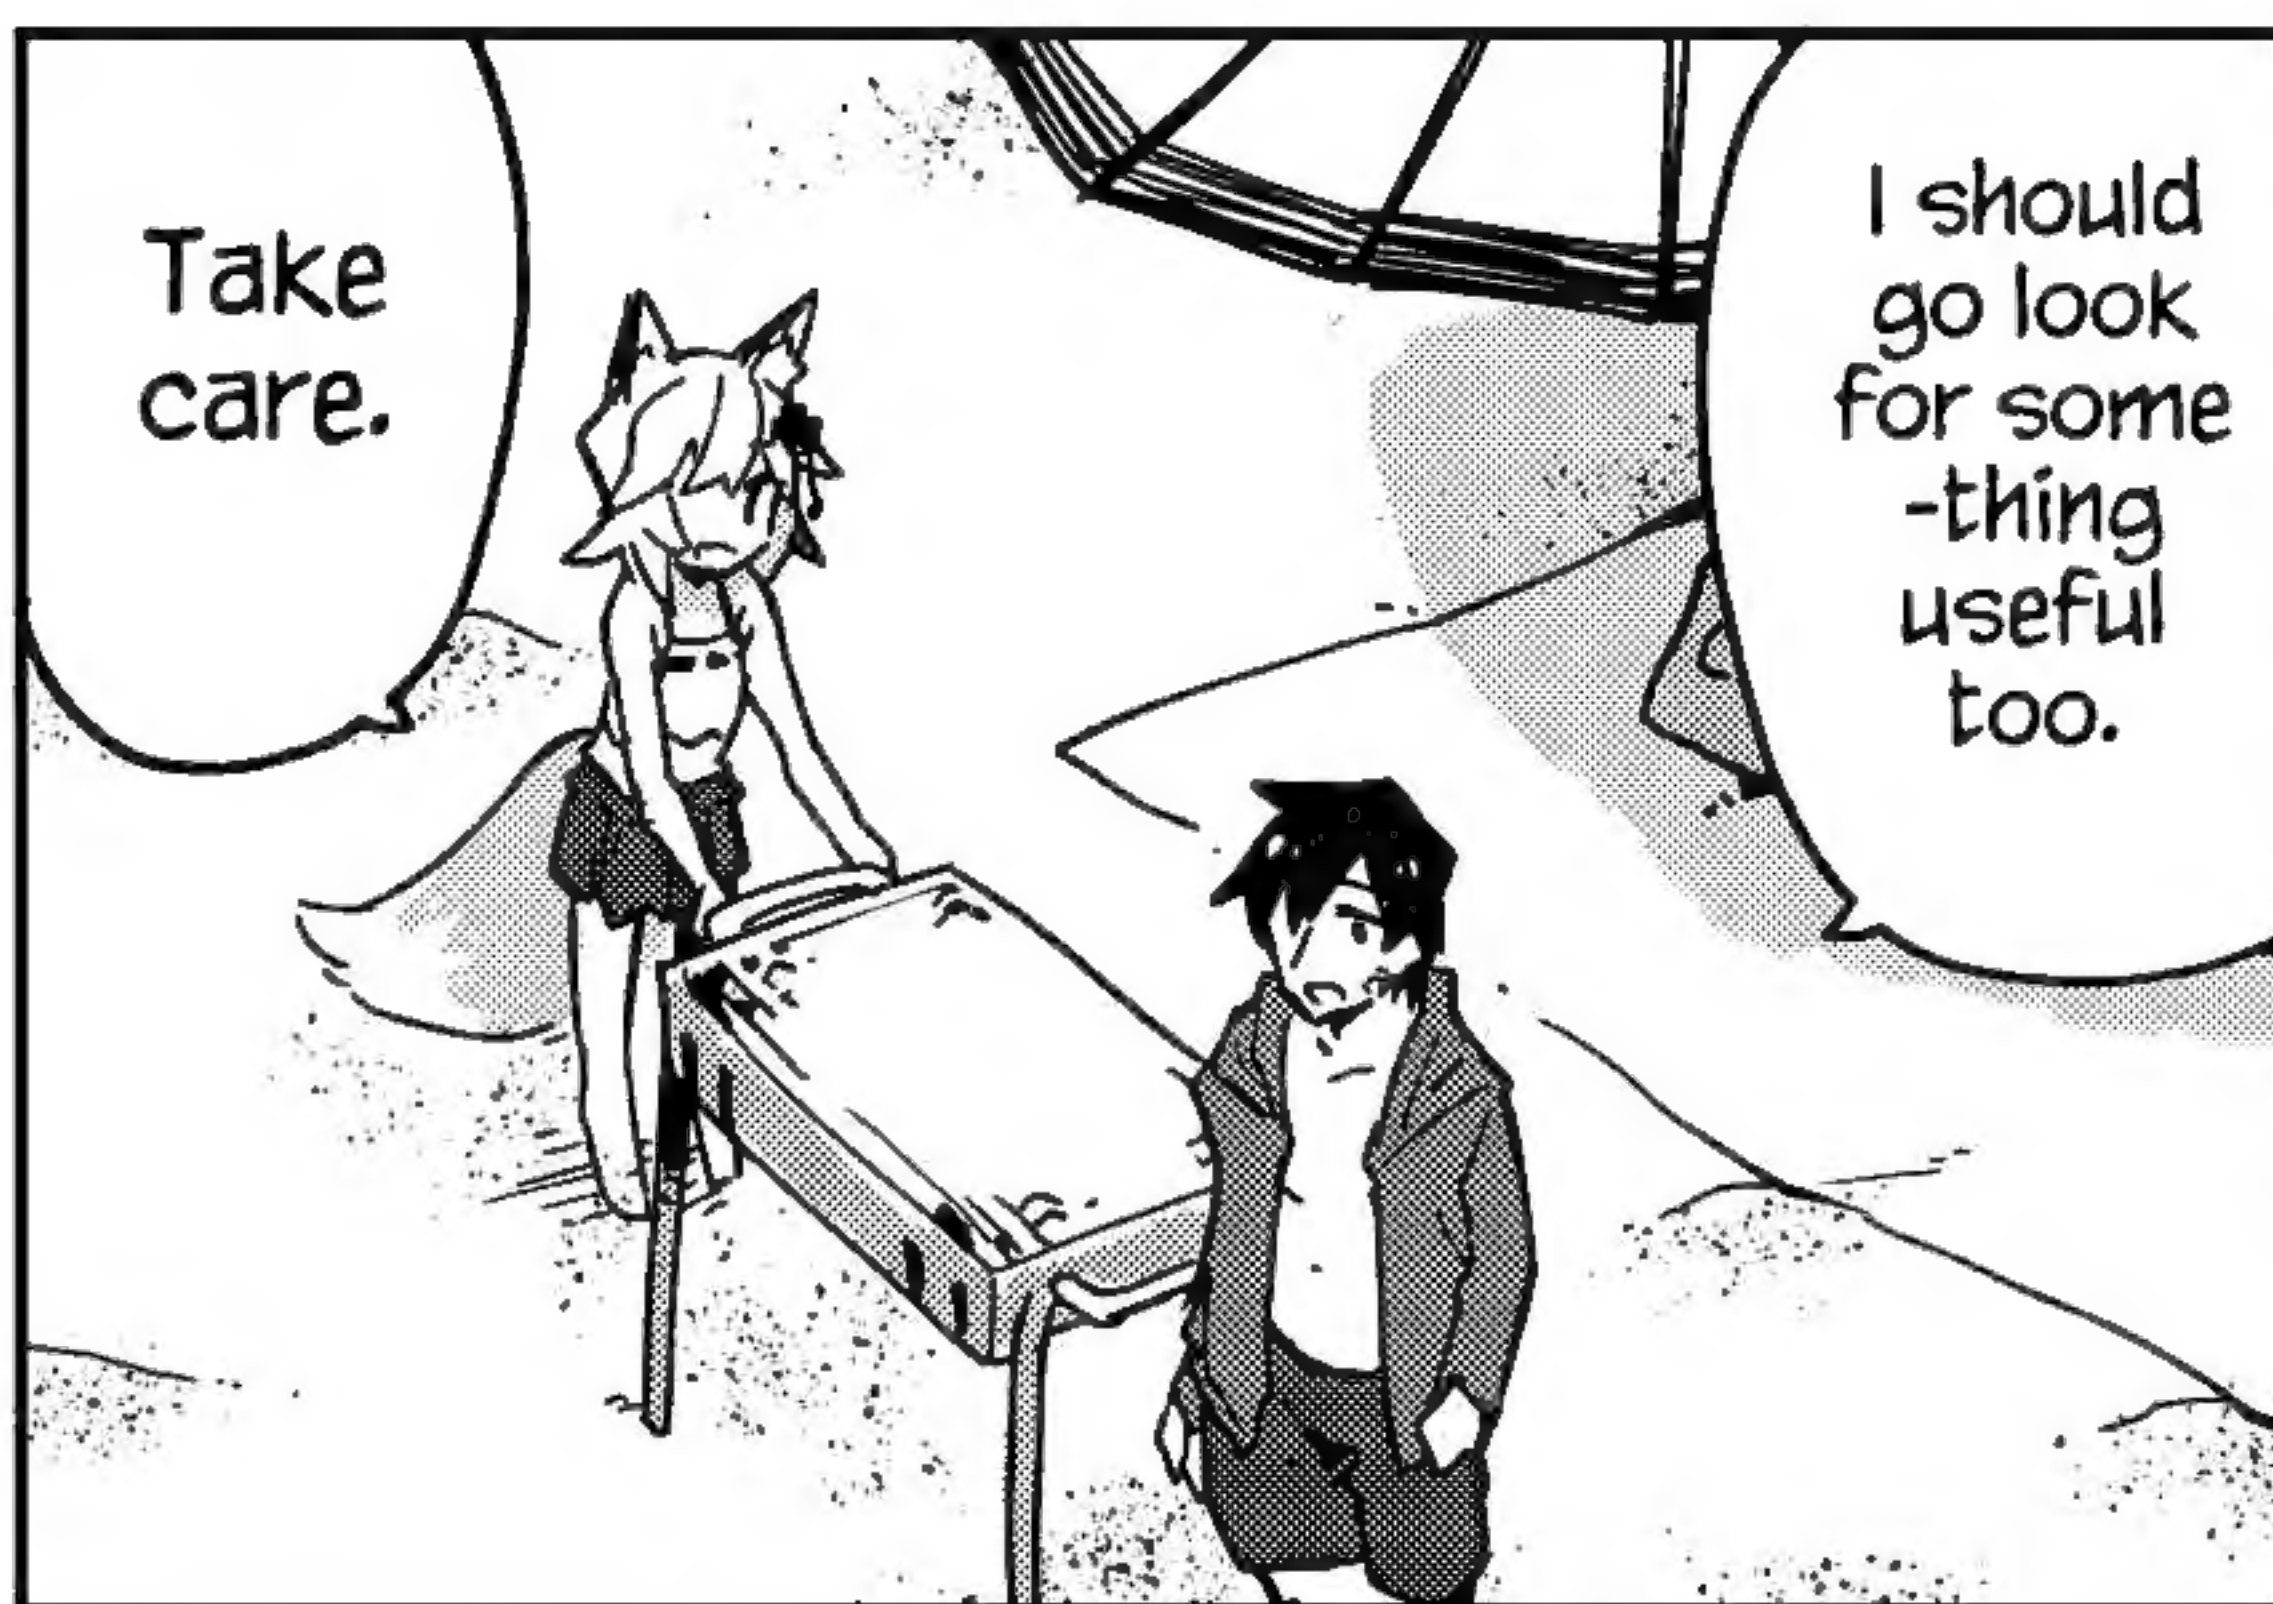

The problem is that we don't have any ingredients.

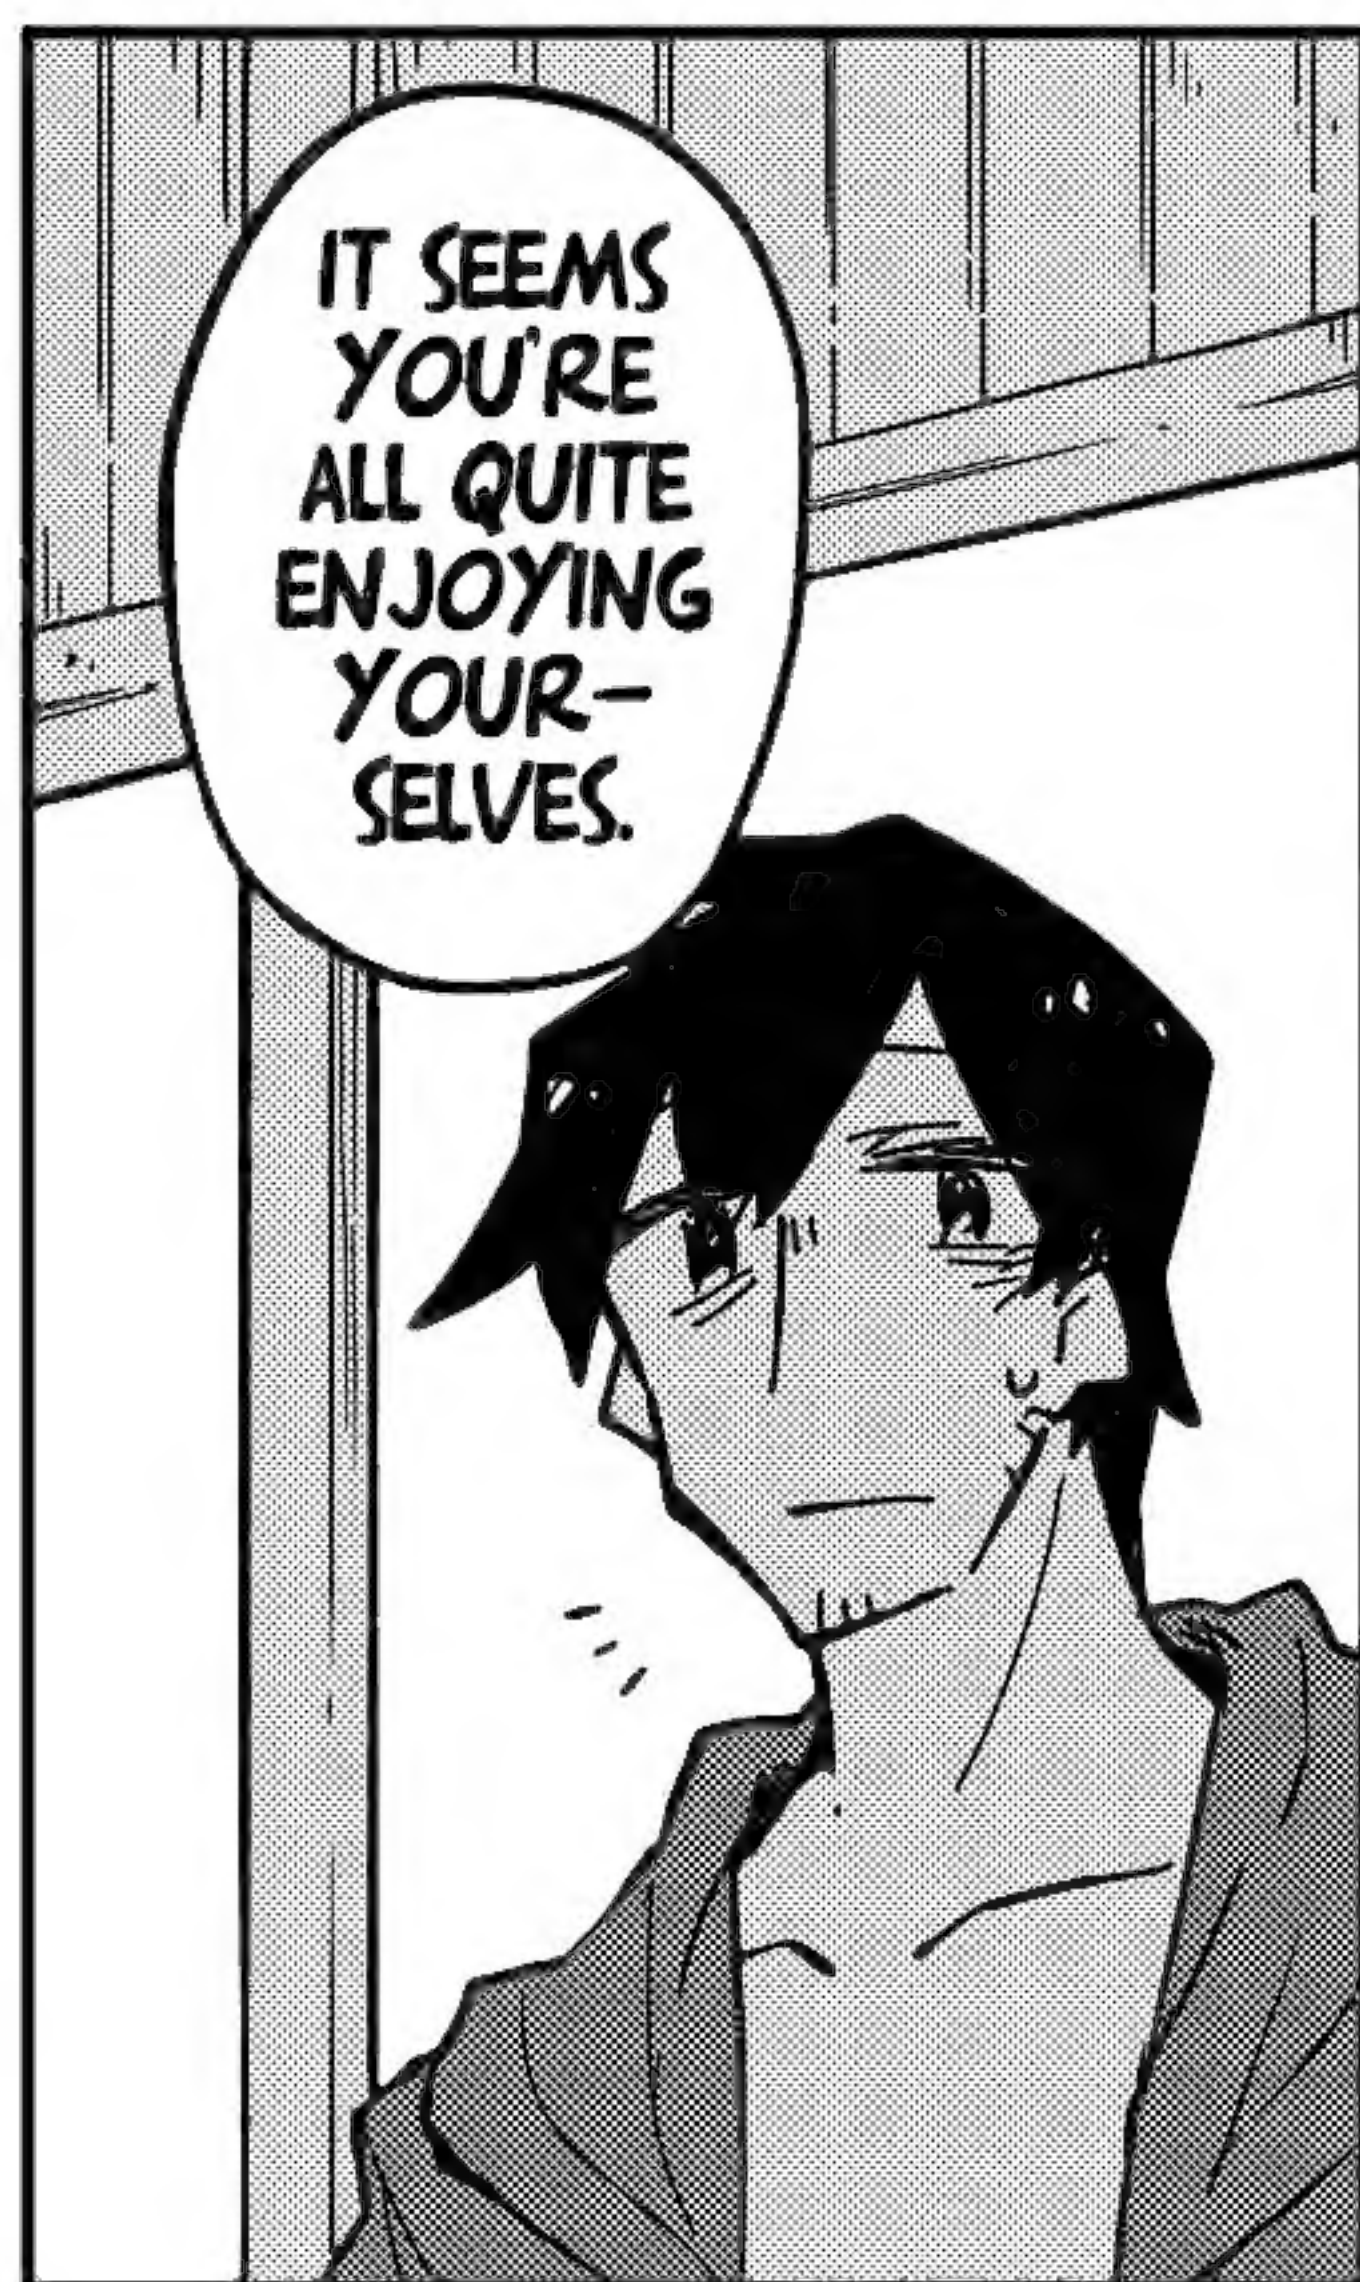

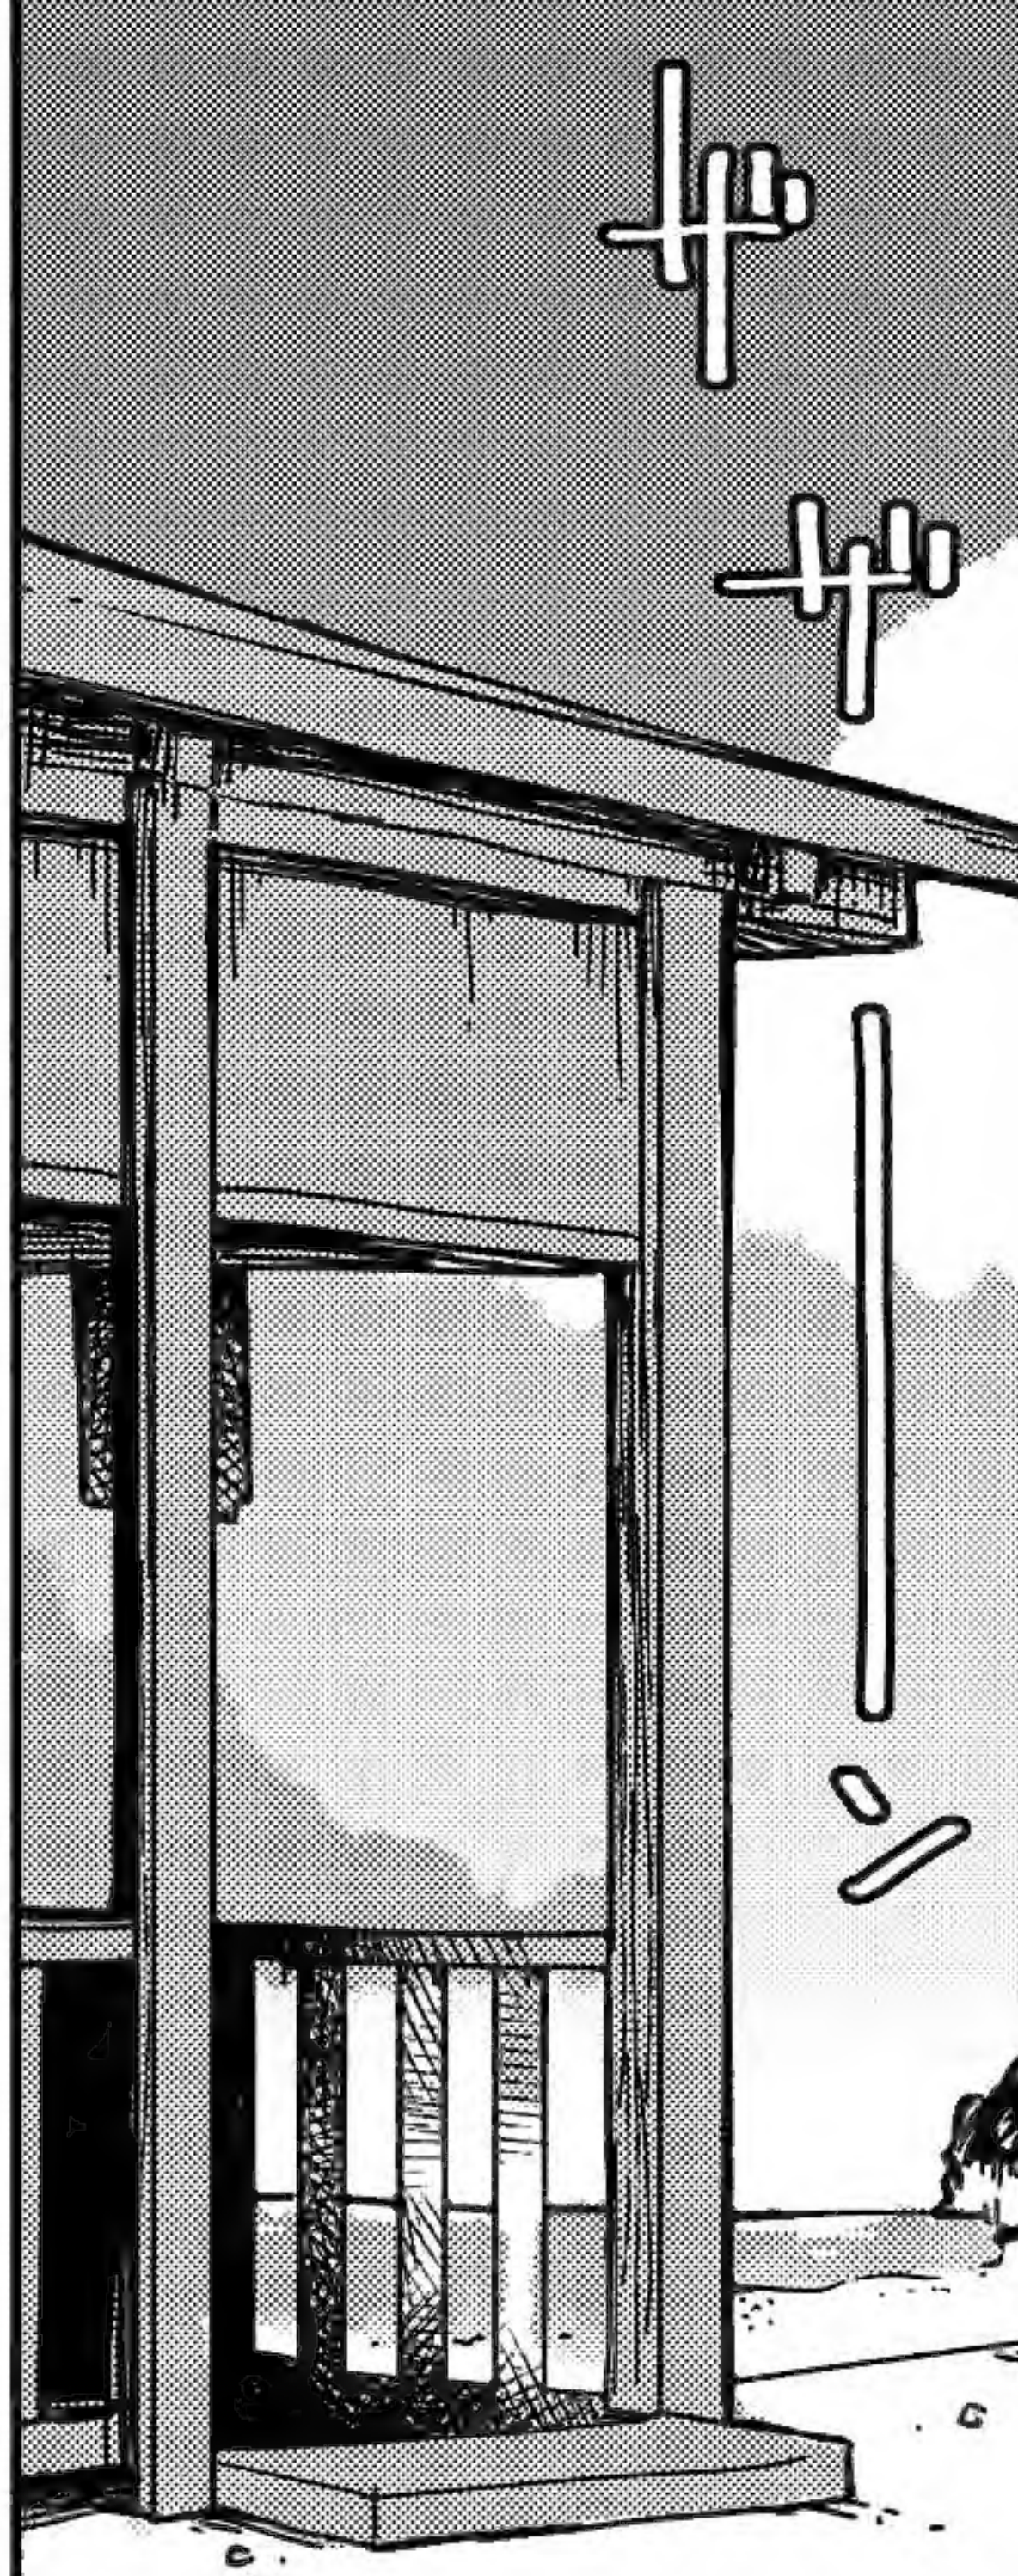

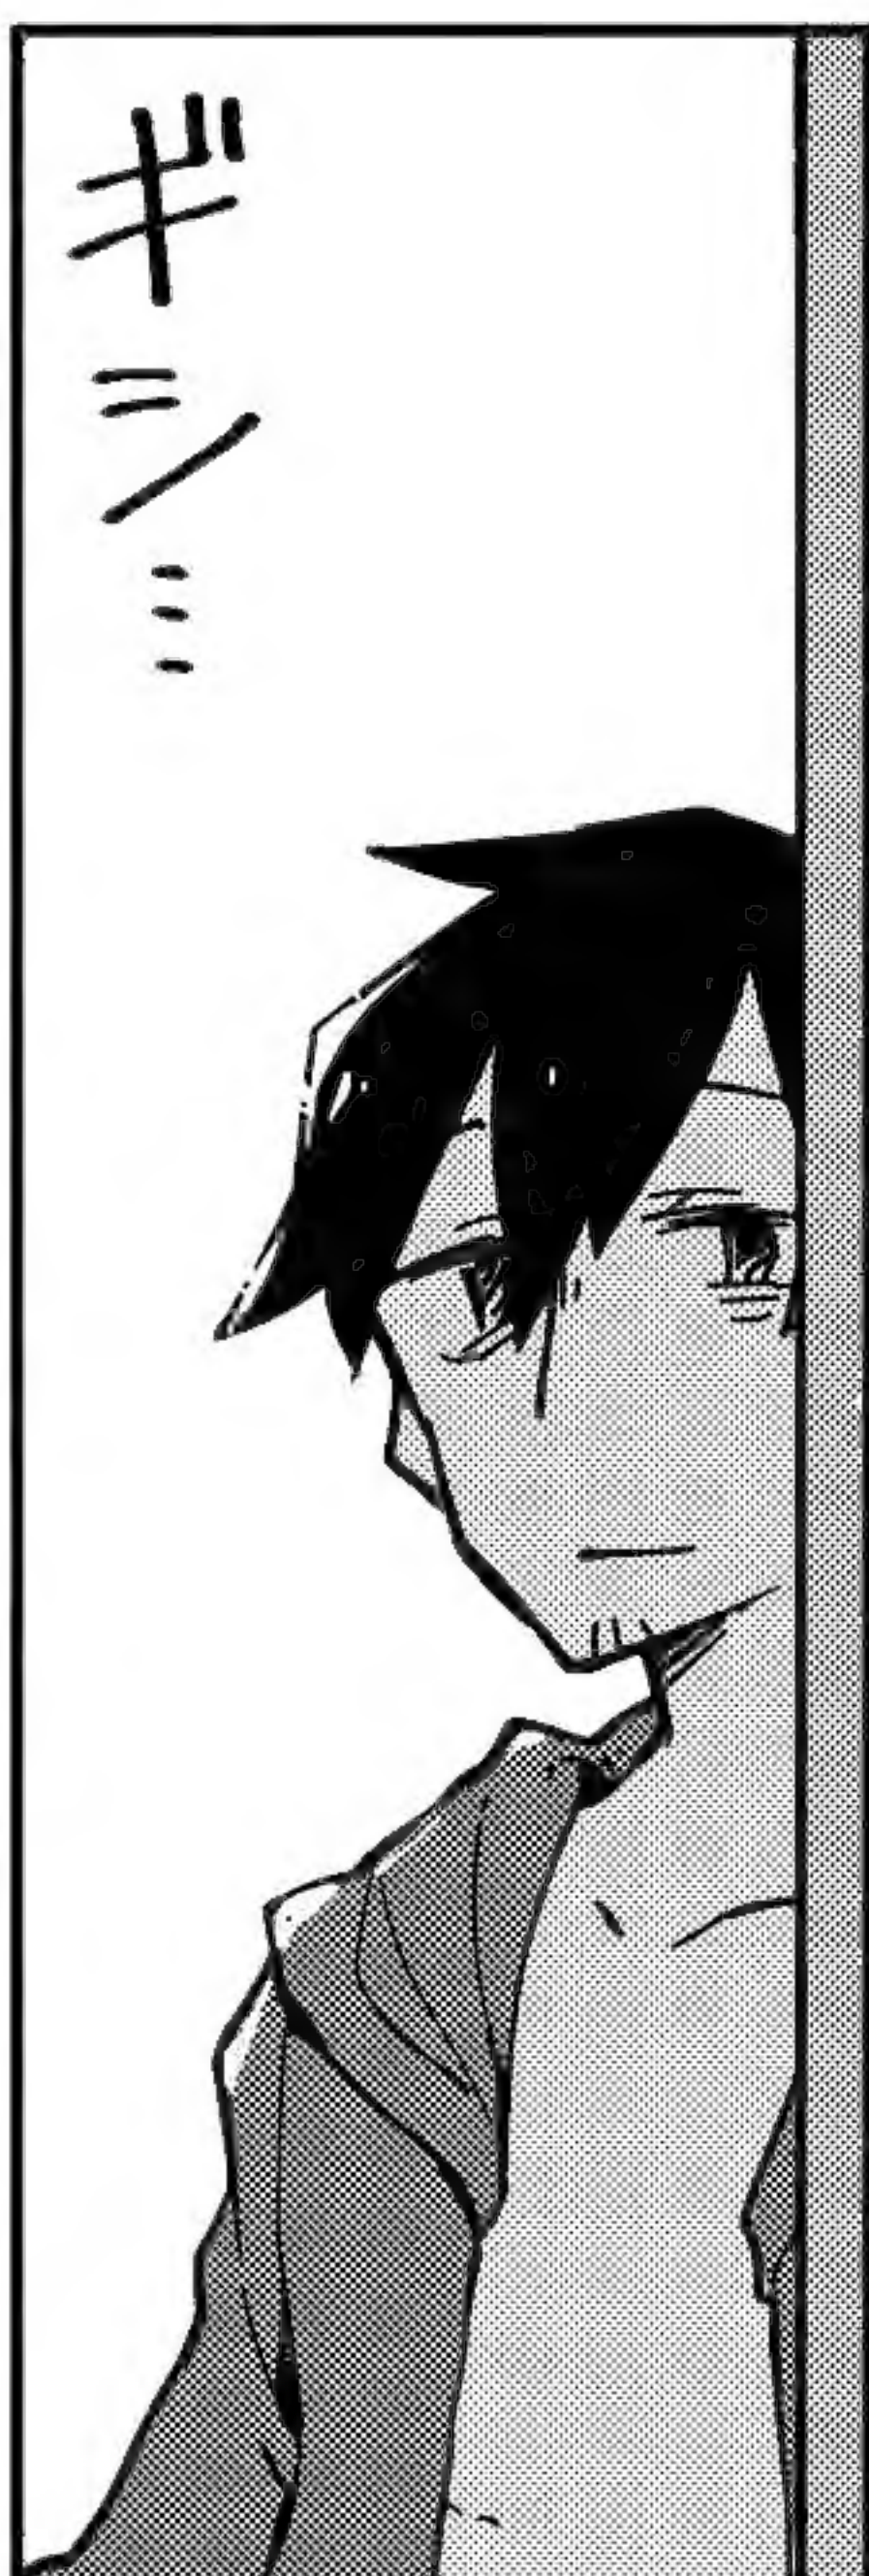

That must've been terrible ...

I'll go to the sea when I'm done with this...

I mail-ordered a lot of stuff when I was trying to get my mind off my manuscript.

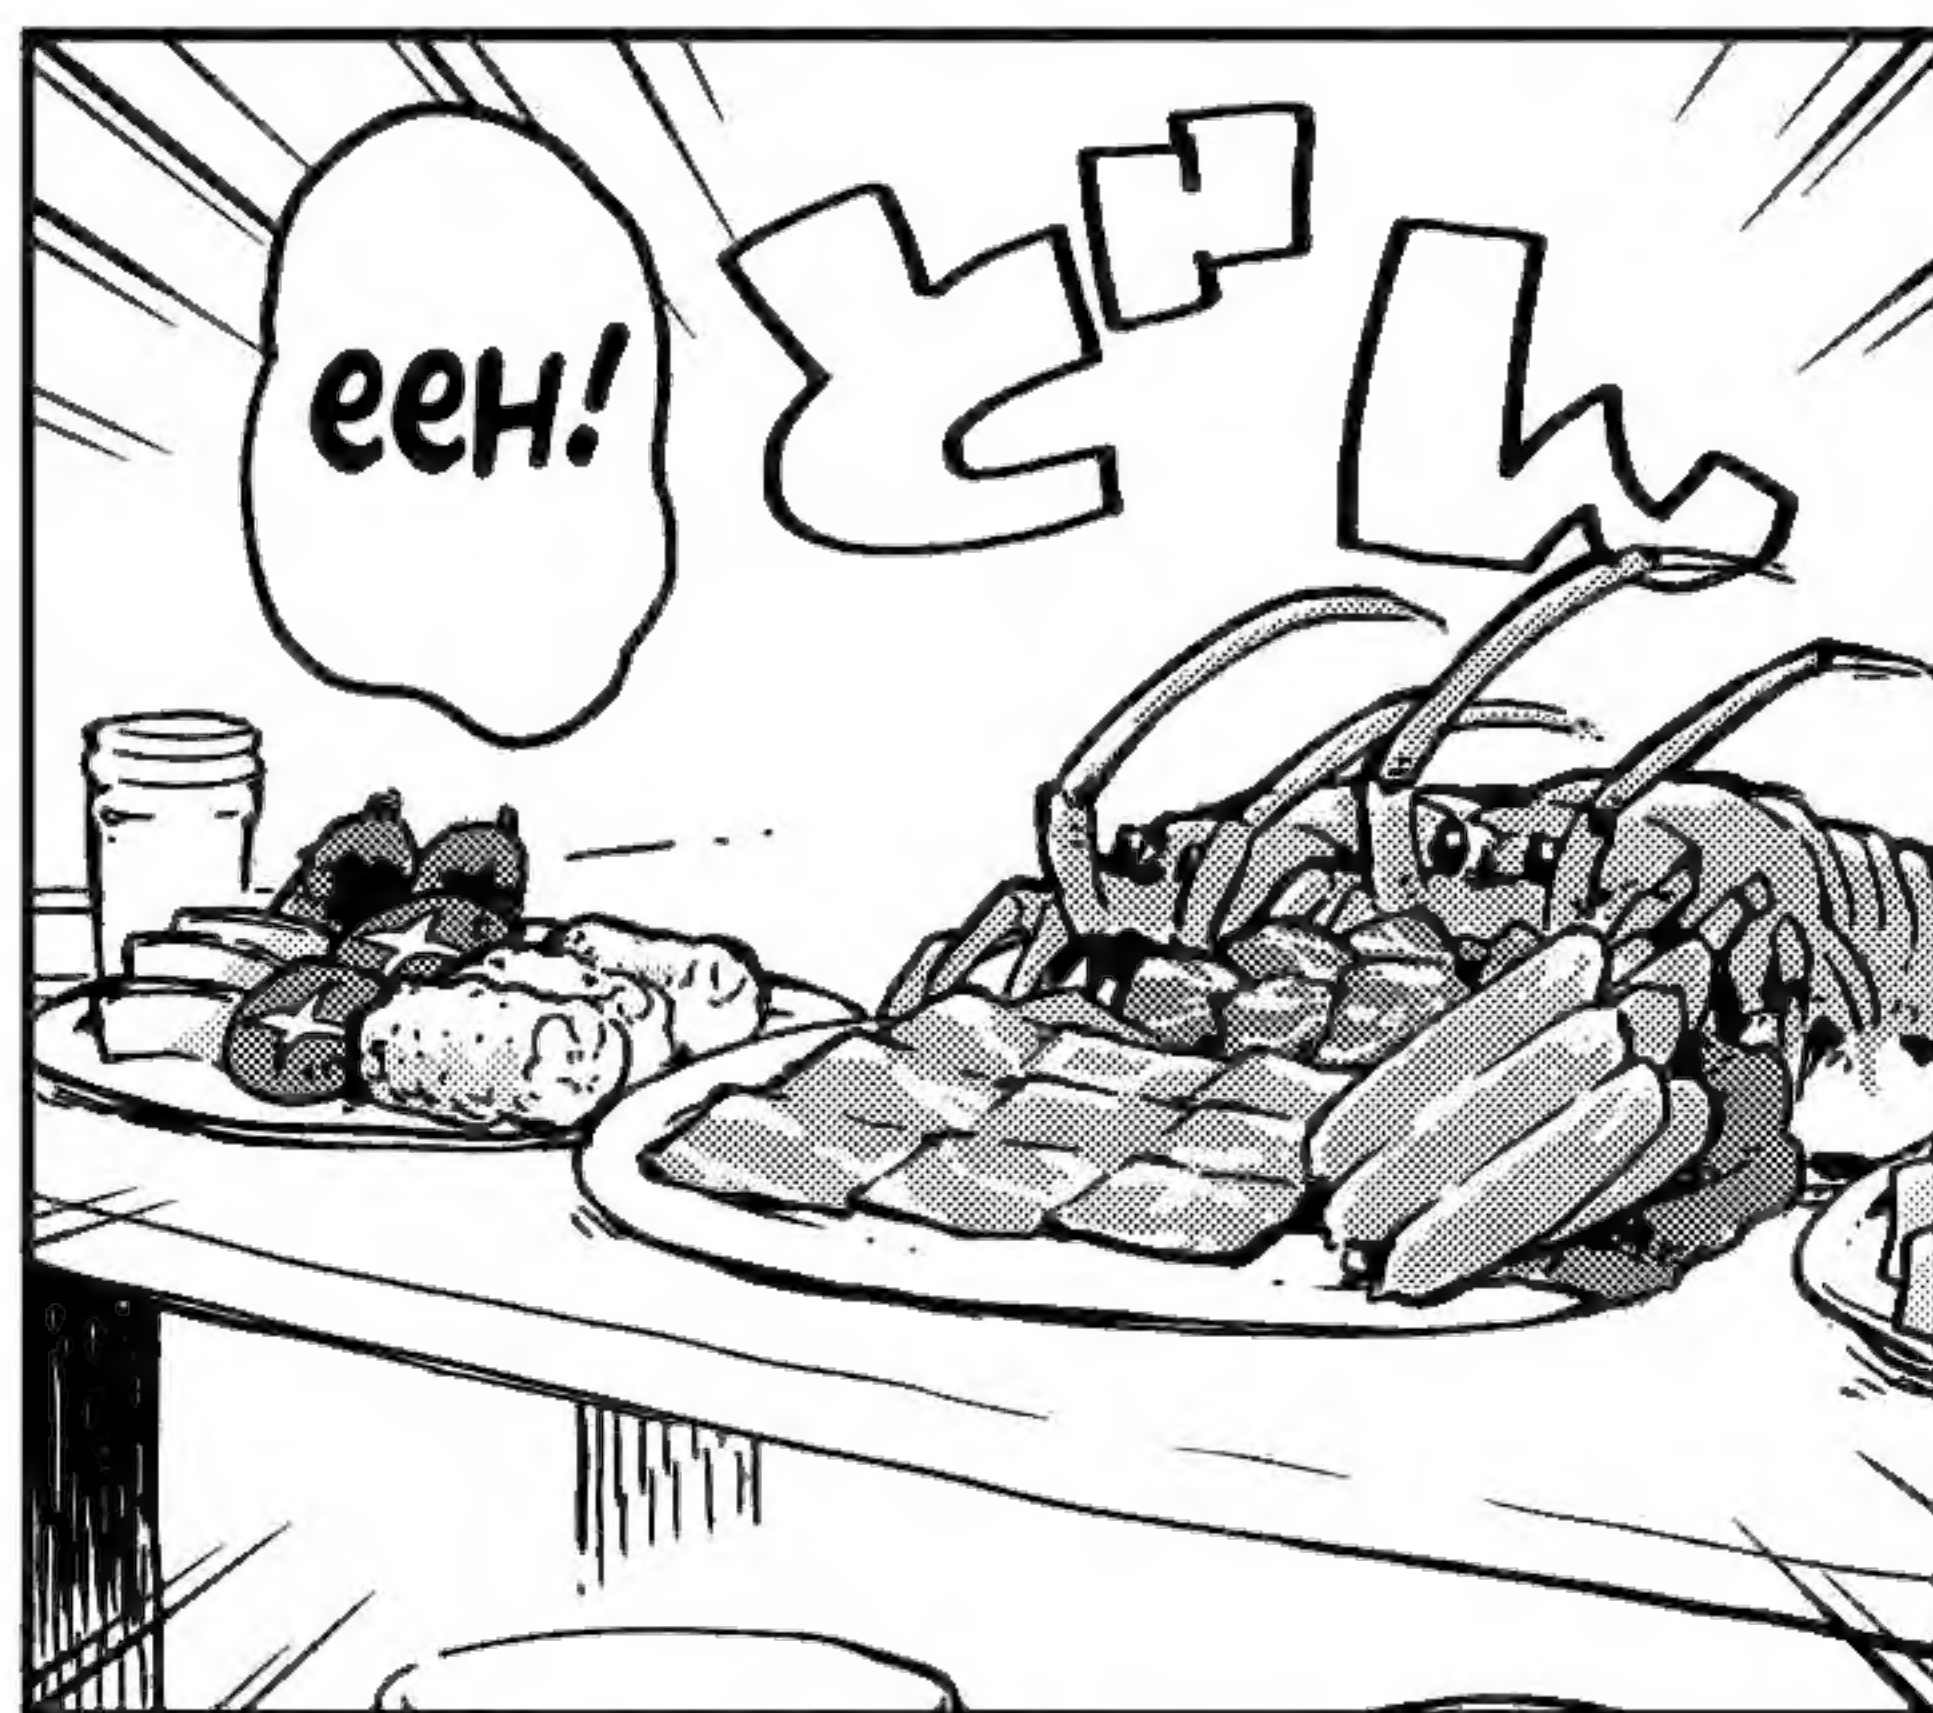

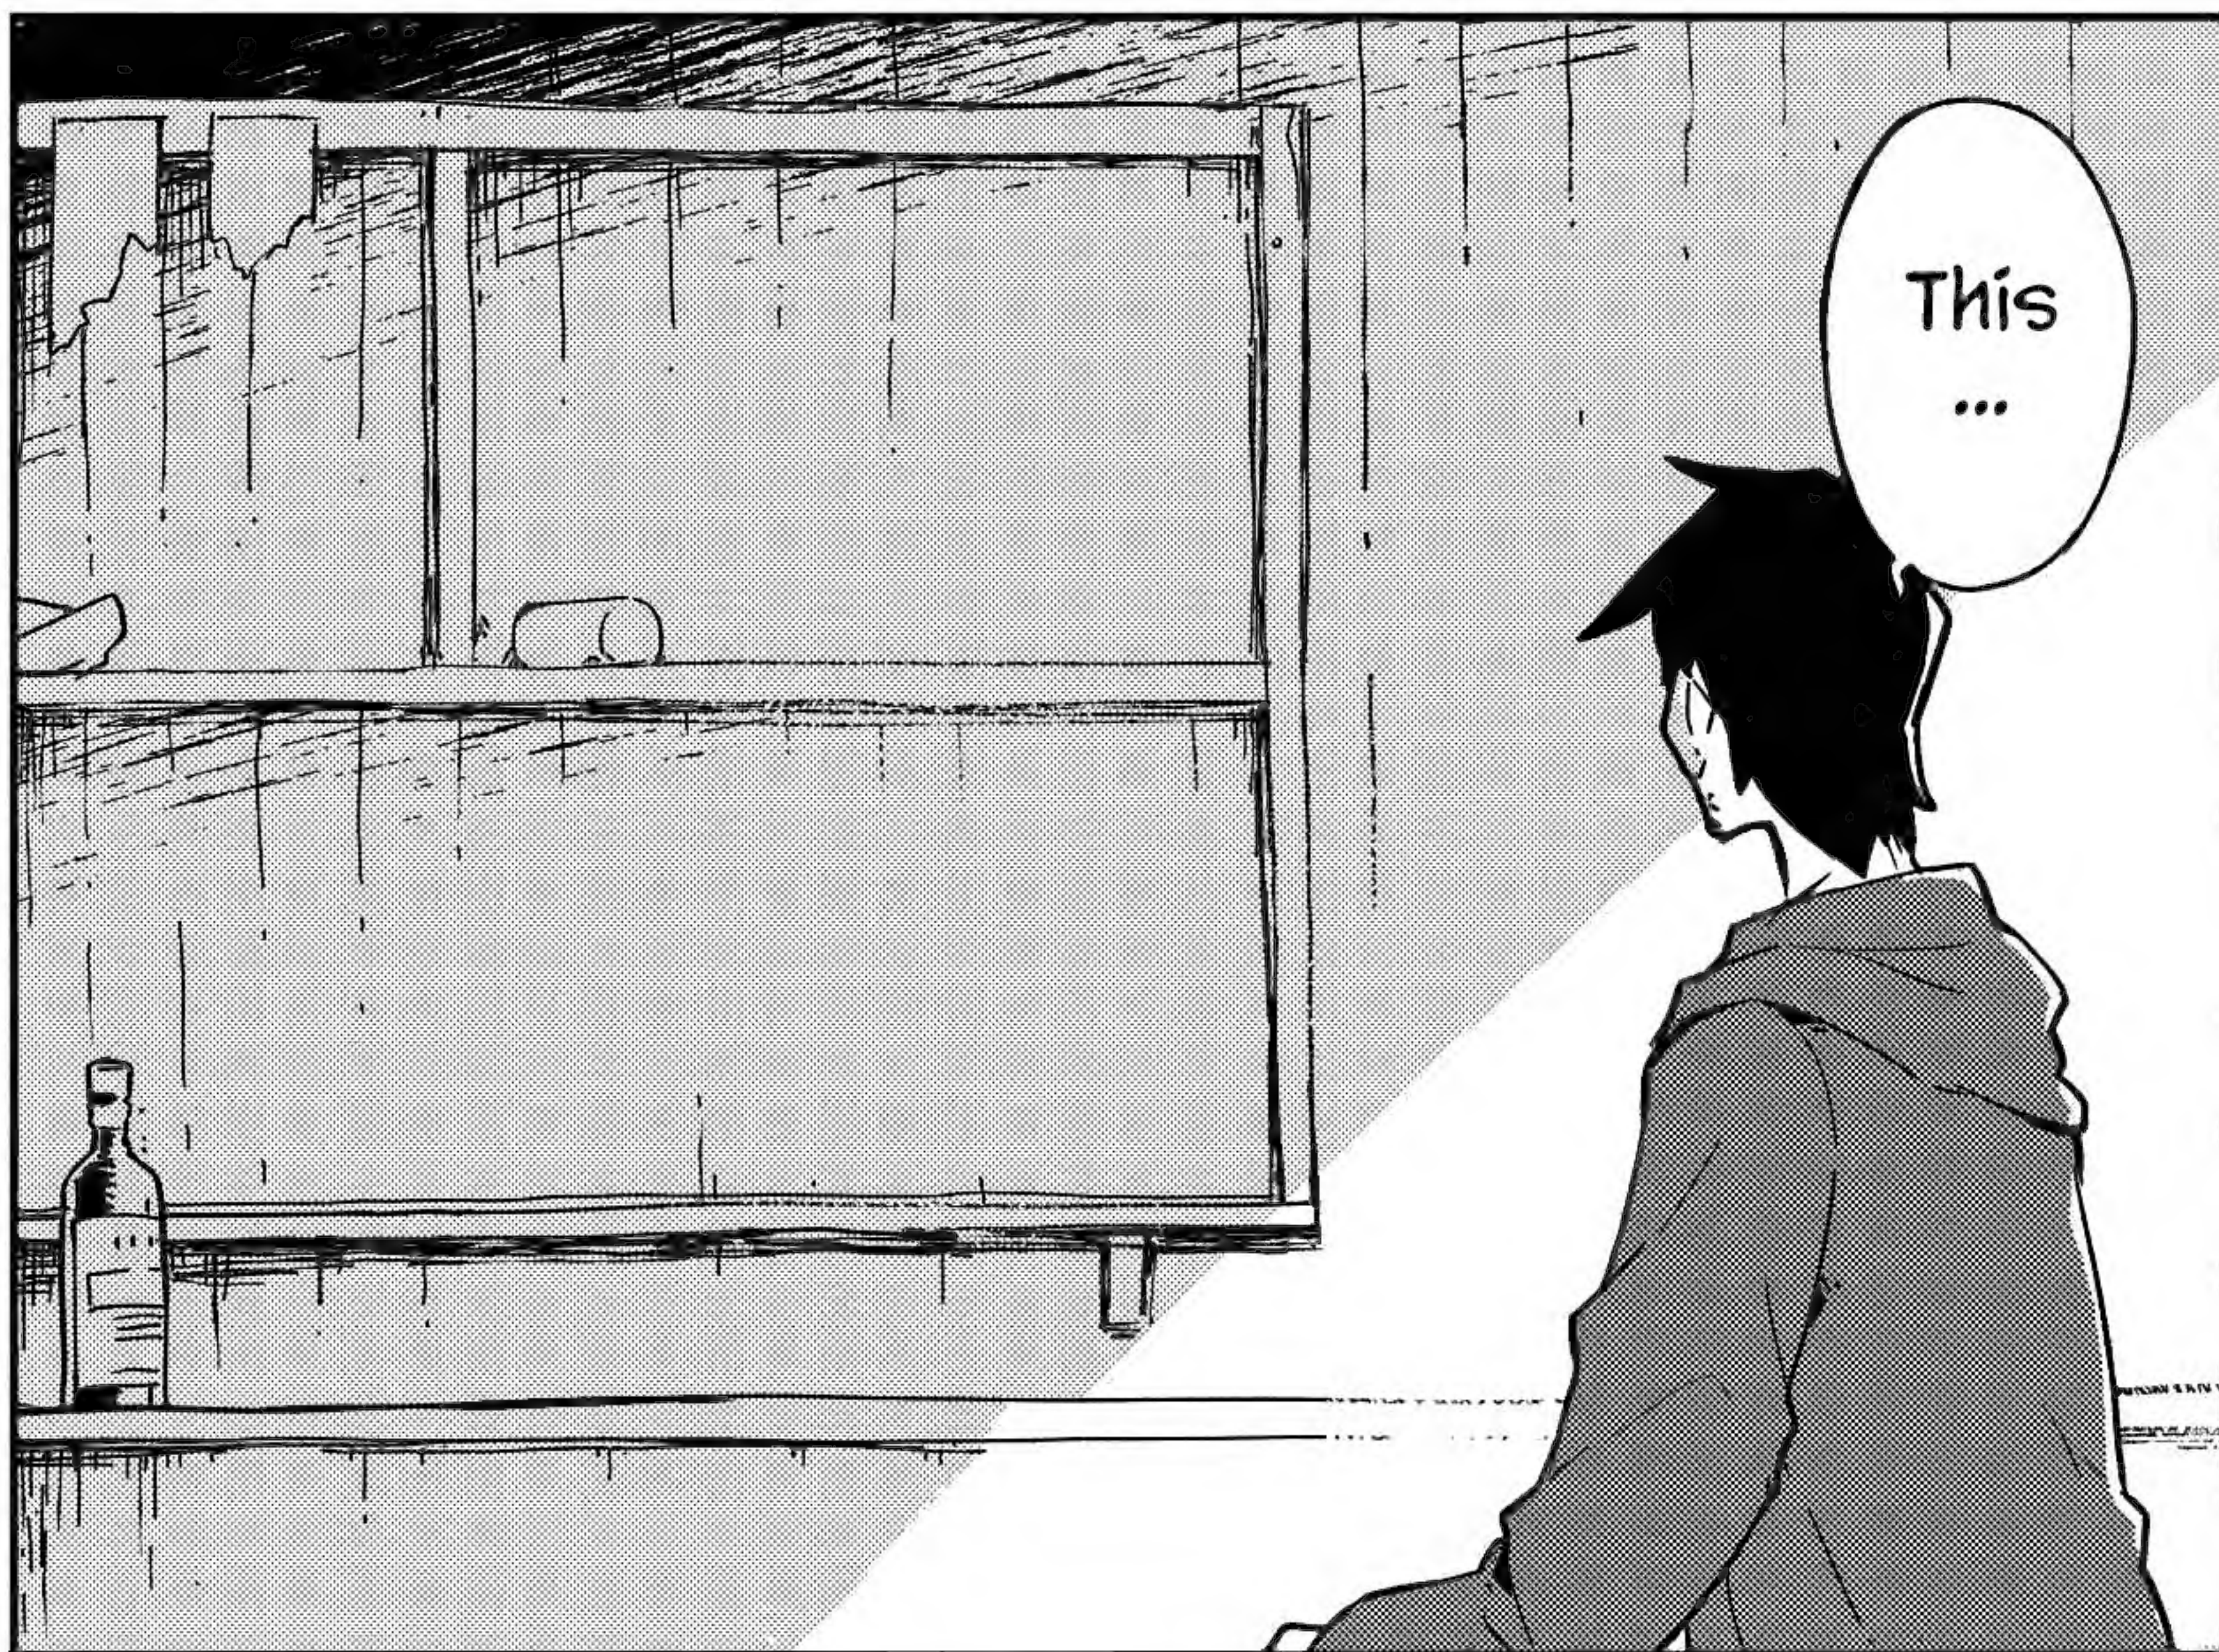

Hmph!
It is
of no
con-
cern.

Sorry
about
the
noise
...

Children
of man
would not
be able to
enter it so
lightly.

This
places lies
on the
threshold
between
worlds.

I wonder
what is it
that you
met...?

YOU CAN
STILL SAY
THAT EVEN
AFTER
LIVING WITH
A DIVINE
MESSENGER?

Well
that's
true...

...Please
don't say
some-
thing so
scary.

It makes
me think
of the
calm after
a festival.

And all
you can
hear are
the waves
and the
sparklers.

The wind
feels so
cold and
refreshing
at night.

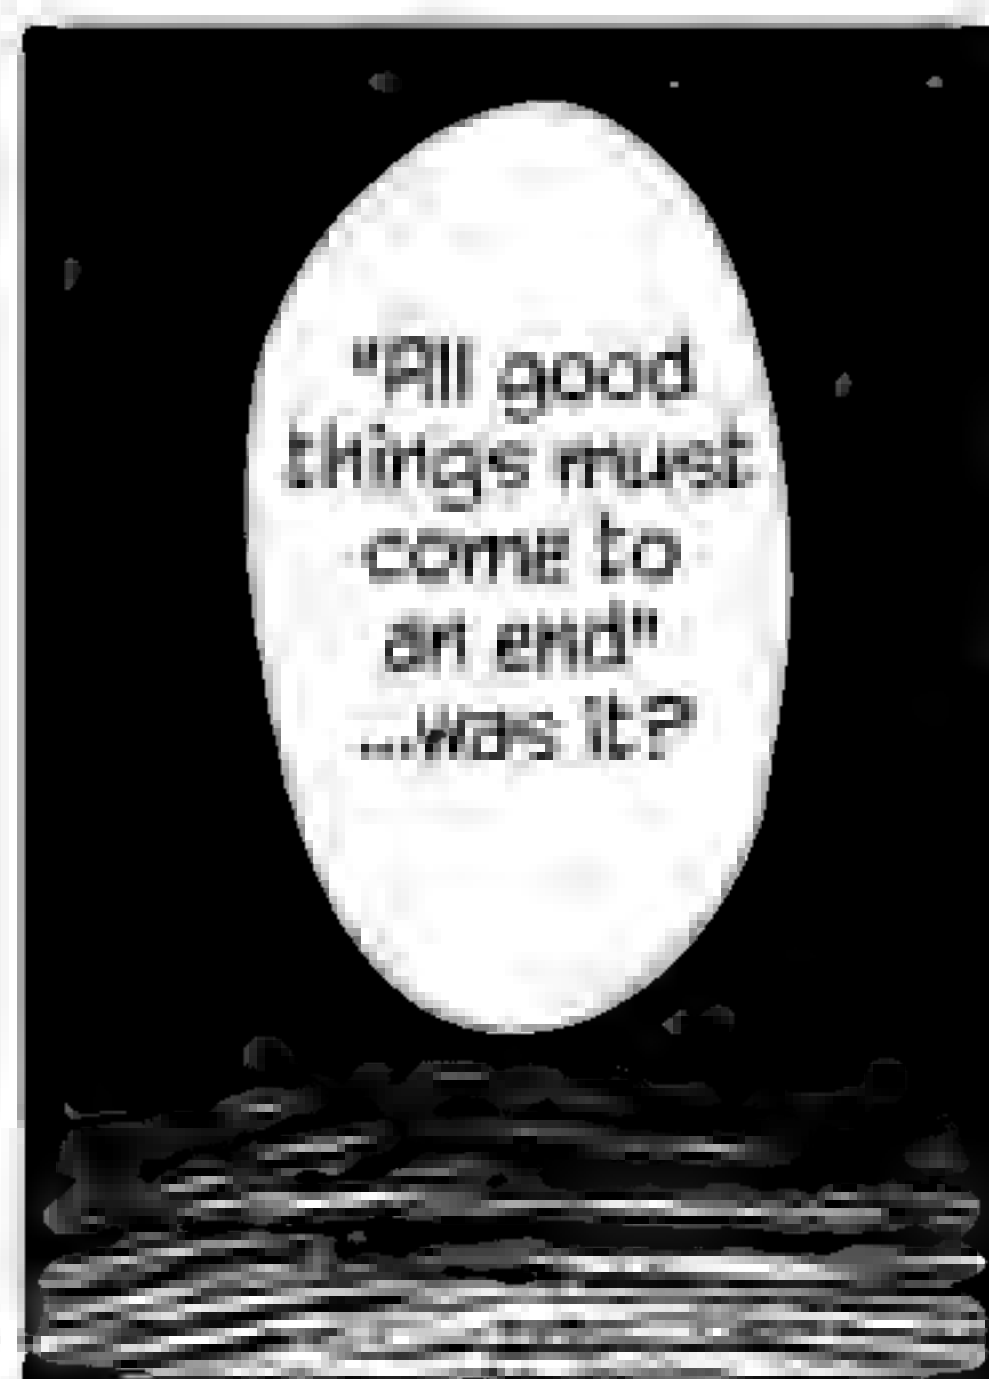

Still,
it does
make
me feel
a bit
lonely.

Quite
elegant,
are you
not.

It makes
you realize
how real
those mo-
ments you
enjoyed
were.

**I SHALL
HELP YOU
FORGET
SUCH
THOUGHTS!**

Next summer,
and the one after that too.

...
you're
right.

Let's
come
again
next
year

with
everyone.
